SLEEP

Sleep & Refresh

Introducing "Sleep," your natural solution for achieving restful and rejuvenating sleep. Crafted with a blend of carefully selected ingredients, our Sleep wellness product is designed to promote relaxation, support sleep quality, and help you wake up feeling refreshed and revitalized. Whether you struggle with occasional sleeplessness or simply want to enhance your nightly routine, our gummies and wellness shots offer a holistic approach to sleep support.

Let's explore the key components of our formulation:

Broad Spectrum CBD (15MG/EA) (Distillate): CBD, extracted from hemp, is renowned for its potential to promote relaxation and alleviate stress, paving the way for a more restful sleep. Our broad-spectrum distillate ensures you receive the benefits of multiple cannabinoids working synergistically, without any traces of THC.

CBN Isolate (10MG/EA) (Isolate): CBN, or cannabinol, complements CBD by offering its own unique properties that may support sleep. Research suggests that CBN may have sedative effects, making it an ideal addition to our Sleep product for promoting a sense of calmness and facilitating sleep onset.

Reishi Mushroom (50MG/EA): Reishi mushroom has been revered for centuries in traditional Chinese medicine for its adaptogenic properties and ability to support sleep. By incorporating Reishi mushroom into our product, we aim to enhance your body's resilience to stress and promote relaxation, helping you prepare for a restful night's sleep.

L-Theanine (50MG/EA): L-Theanine, an amino acid found in tea leaves, is known for its calming effects and ability to promote relaxation without drowsiness. By including L-Theanine in our formulation, we aim to support a state of mental calmness and tranquility, making it easier to unwind and prepare for sleep.

Flavor: Midnight Blueberry: We've infused our gummies and wellness shots with the delicious taste of midnight blueberry to enhance your sleep experience. Enjoy the rich flavor without any added sugar, ensuring a guilt-free indulgence before bedtime.

Valerian Root (10mg): Valerian root has long been used as a natural remedy for improving sleep quality and reducing insomnia. By incorporating Valerian root into our product, we aim to provide additional support for achieving restful and rejuvenating sleep, helping you wake up feeling refreshed and revitalized.

Our Sleep wellness product is meticulously crafted to help you achieve a deeper and more restorative sleep. Whether you prefer the convenience of gummies or the quick absorption of wellness shots, our product offers a natural solution to support your sleep health and overall well-being. Experience the calming power of premium ingredients and embark on a journey to a better night's sleep with our Sleep gummies and wellness shots.

RECOVER

Feel Better Faster

Introducing "Recover," your go-to solution for post-workout replenishment and recovery. Crafted with a blend of premium ingredients, our Recover wellness product is designed to support muscle recovery, replenish electrolytes, and promote overall well-being. Whether you're an athlete pushing your limits or simply seeking to recover from a strenuous day, our gummies and drink mix offer a convenient and effective way to support your body's recovery process.

Let's explore the key components of our formulation:

Broad Spectrum CBD (15MG/EA) (Distillate): CBD, derived from hemp, is renowned for its potential to reduce inflammation and alleviate muscle soreness, making it an ideal addition to post-workout recovery routines. Our broad-spectrum distillate ensures you receive the benefits of multiple cannabinoids working synergistically, without any traces of THC.

CBG Isolate (10MG/EA) (Isolate): CBG, or cannabigerol, complements CBD by offering its own unique properties that may support muscle recovery and alleviate discomfort. By incorporating CBG isolate into our product, we aim to provide comprehensive support for post-exercise recovery and overall muscle health.

BCAAs (50MG/EA): Branched-chain amino acids (BCAAs) are essential nutrients that play a crucial role in muscle repair and growth. By including BCAAs in our formulation, we aim to support muscle recovery and minimize muscle fatigue, helping you bounce back faster after intense workouts.

Electrolytes: Electrolytes such as potassium, sodium, and magnesium are vital for maintaining hydration and supporting muscle function. Whether you're sweating it out at the gym or simply going about your daily activities, replenishing electrolytes is essential for optimal recovery and performance.

Pomegranate Flavor: We've infused our gummies and drink mix with the refreshing taste of pomegranate to enhance your post-workout recovery experience. Enjoy the delicious flavor without any added sugar, ensuring a guilt-free indulgence after exercise.

Our Recover wellness product is meticulously crafted to provide you with the support you need to recover faster and perform at your best. Whether you prefer the convenience of gummies or the versatility of a drink mix, our product offers a natural solution to support your recovery journey and promote overall well-being. Experience the power of premium ingredients and unlock your body's full potential with our Recover gummies and drink mix.

FOCUS

Calm Energy

Introducing Focus, your calm energy ally. Meticulously crafted to enhance cognitive function and promote mental clarity. Whether you're tackling a busy workday or aiming to optimize your productivity, our range of gummies, wellness shots, and drink mix offers a potent blend of ingredients to support your cognitive performance and focus.

Let's delve into the key components of our formulation:

Broad Spectrum CBD (15MG/EA) (Distillate): CBD, derived from hemp, is renowned for its potential to promote a sense of calmness and relaxation without the psychoactive effects of THC. Our broad-spectrum distillate contains a wide range of cannabinoids, working synergistically to support overall well-being and cognitive function.

Lion's Mane (100MG): Lion's Mane is a medicinal mushroom long revered for its cognitive-enhancing properties. Research suggests that Lion's Mane may support brain health by promoting nerve growth factor (NGF) production, which plays a crucial role in neuroplasticity and cognitive function. By incorporating Lion's Mane into our product, we aim to support mental clarity, focus, and memory.

Vitamin B12 (0.5mcg): Vitamin B12 is essential for maintaining optimal brain function and cognitive health. It plays a key role in the synthesis of neurotransmitters involved in mood regulation and cognitive processes. By including Vitamin B12 in our formulation, we aim to support energy production and mental alertness, enhancing your ability to stay focused and productive throughout the day.

Flavor: Citrus: We've infused our gummies, wellness shots, and drink mix with the invigorating taste of citrus to tantalize your taste buds and enhance your focus experience. Enjoy the refreshing flavor without any added sugar coating, ensuring a guilt-free indulgence.

Our wellness Focus product is designed to help you unlock your full cognitive potential and stay sharp and focused, no matter the task at hand. Whether you're studying for exams, preparing for an important presentation, or simply striving to perform at your best, our carefully crafted formulation offers a natural solution to support your cognitive performance and elevate your focus. Experience the synergy of premium ingredients and unleash your mental clarity with our CBD-infused gummies, wellness shots, and drink mix.

RELAX

Chill & Unwind

Introducing "Relax," your ultimate companion for unwinding and restoring balance in today's fast-paced world. Crafted with a blend of carefully selected ingredients, our Relax wellness product is designed to promote relaxation, soothe the mind, and support overall well-being. Whether you're seeking to unwind after a long day or simply looking to find your inner calm, our gummies, wellness shots, and drink mix offer a holistic approach to relaxation.

Let's explore the key components of our formulation:

Broad Spectrum CBD (15MG/EA) (Distillate): CBD, derived from hemp, is renowned for its potential to promote relaxation and alleviate stress. Our broad-spectrum distillate ensures you benefit from the entourage effect, where multiple cannabinoids work synergistically to enhance the therapeutic effects without any traces of THC.

CBG Isolate (10MG/EA) (Isolate): CBG, or cannabigerol, complements CBD by offering its own unique properties that may support relaxation and a sense of calmness. By incorporating CBG isolate into our product, we aim to provide a comprehensive solution for promoting relaxation and tranquility.

Ashwagandha (150MG/EA): Ashwagandha, an adaptogenic herb used in traditional Ayurvedic medicine, is revered for its ability to combat stress and promote relaxation. Research suggests that ashwagandha may help reduce cortisol levels, the hormone associated with stress, and support overall emotional well-being. By doubling the dosage to 150mg per serving, we aim to maximize the calming benefits of ashwagandha in our Relax product.

Flavor: Peach: We've infused our gummies, wellness shots, and drink mix with the delightful flavor of peach to enhance your relaxation experience. Enjoy the delicious taste without any added sugar, ensuring a guilt-free indulgence.

GABA (75mg): Gamma-aminobutyric acid (GABA) is a neurotransmitter that plays a crucial role in promoting relaxation and reducing anxiety. By including GABA in our formulation, we aim to support a calm and tranquil state of mind, helping you unwind and destress after a hectic day.

Our Relax wellness product is meticulously crafted to provide you with the ultimate relaxation experience. Whether you prefer the convenience of gummies, the quick absorption of wellness shots, or the versatility of a drink mix, our product offers a natural solution to help you relax, rejuvenate, and find your inner peace. Experience the soothing power of premium ingredients and embark on a journey to a more balanced and harmonious life with our Relax gummies, wellness shots, and drink mix.
