

Taiv Retail

We install and manage in-store screens that promote products, engage customers, and generate new revenue.

What is Taiv Retail

Taiv Retail is the fastest-growing premium large-format DOOH (Digital Out-of-Home) network in the U.S.

We install and manage 40–43" dedicated ad screens in high-traffic areas like shopping aisles and checkout sections of grocery stores, gas stations, and convenience stores.

Taiv enhances product promotion, boosts customer engagement, and unlocks a new revenue stream for store owners — all at no cost.

Why Taiv Retail

Free to Join

We handle everything: Installation, ad sales, and content management.

Increase Average Purchase Size

Lift sales by promoting your high-margin items using targeted content.

Improve Customer Experience

Digital signage reduces perceived wait times by 35%.

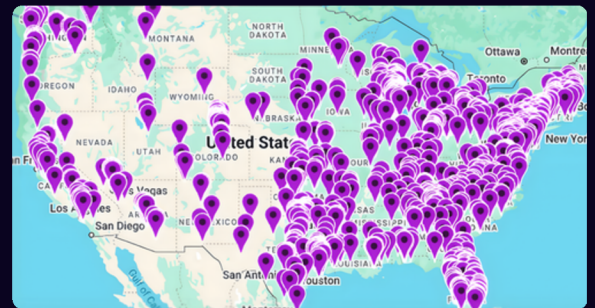

Generate New Revenue

Earn passive income from top brand advertisers.
